STRENGTHS

Innovative Thinker

Consistently generating creative ideas and solutions to complex problems in the field.

Team Player

Collaborative and supportive team member, fostering a positive work environment and achieving collective goals.

Detail-Oriented

Meticulous and thorough in conducting experiments, analyzing data, and ensuring accuracy in results.

Passionate Learner

Eager and enthusiastic in acquiring new knowledge, skills, and staying updated with the latest advancements in biotechnology.

Chef

Being a chef involves commitment, leadership, creativity, intuition, and mentorship, resulting in excellence in craft, teamwork, innovation, decision-making, and knowledge-sharing.

MY LIFE PHILOSOPHY

"Dream is not that which you see while sleeping it is something that does not let you sleep."

DR. APJ. ABDUL KALAM

SUMMARY

- Highly motivated and dedicated Biotechnology and Biomedical Sciences professional with a Bachelor's degree in Biotechnology from DY Patil International University, India, and a Master's degree in Biomedical Sciences from the University of York, UK. Throughout my academic journey, I have consistently demonstrated a strong commitment to excellence, innovation, and scientific rigor. My year of experience as a Lab Assistant has further honed my skills in laboratory techniques, data analysis, and team collaboration. I am passionate about scientific research and am eager to apply my knowledge, expertise, and values to make significant contributions to the biotechnology industry. My goal is to work in a challenging and dynamic environment where I can collaborate with a diverse team of scientists to drive innovation and advance the field of biotechnology. I am confident that my academic background, practical skills, and passion for scientific research will enable me to make a valuable contribution to any organization.
