Cover Letter

Hello, This is Aditya Joshi, a passionate traveller and trekker. I have always taken part in outdoor activities since my school days. I have done around 50 treks in the Sahyadri range and 8 treks in the Himalayas. I have done Basic and Advanced mountaineering courses at the Nehru Institute of Mountaineering. I volunteered for Air Wing NCC during graduation, and I have a B and C certificate. I conducted and led treks for groups; be it corporate or mixed.

I was a full-time employee at Infinite Journeys Pvt Ltd. (Foliage Outdoors) from July 2018 to May 2020, where I led 30 treks in Sahyadris and 5 treks in the Himalayas. Due to the pandemic, I had to leave the job and under family pressure, I again joined a technical job. However, I now wish to continue my career in travel tourism.

I have always been good at Leadership and administrative tasks/ activities, in my office work.

I hope you will consider my application.

Thanking You

Regards
Aditya Joshi

Objective

A travel enthusiast willing to guide people on their tour.
